

# Visiting Nurse

Competitive salary, full time positions

You're an RN, have supervisory experience, excellent assessment skills, are energetic, self motivated and have a positive attitude toward aging. You enjoy front-line contact with clients and caregivers and have a great sense of humor.

If you're looking for a rewarding position with a growing company where you really can make a difference in people's lives we'd like to hear from you (you'll need a car). We offer a competitive salary.
