*Most people have never had to arrange home health care for anyone before. Knowing where to start and what to look for can help avoid problems.*

**Welcome to the Eldercare Home Health Inc. web site.**

Since 1995 Eldercare Home Health has been providing the highest quality in-home Elder Care for clients in the Toronto area. Many of our clients are Doctors, Social Workers and Discharge Planners who turn to Eldercare Home Health when they need care for their own families. Eldercare Home Health is not a franchise and we do not sell franchises.

Here you'll find information on our Elder Care services, what makes us different from other services, tips for [choosing an elder care provider](#) and links to resources for seniors. We hope you find what you're looking for. If you have any questions, please don't hesitate to get in touch with us.

You can call us at 416 482-8292 or e-mail us via the "Ask Lisa" e-mail link at the side of each page.

**Eldercare Home Health Inc.**

At Eldercare Home Health we specialize in providing services to the elderly. We offer solutions that help elders stay happy, independent and safe in their own homes, Retirement Homes, Nursing Homes and Hospitals. We start by providing a no - charge in - home assessment conducted by one of our qualified Registered Nurses.

**Our holistic approach means you benefit from a solution that completes the care picture.**

Our service starts with the RN assessment and includes a medication review, creating a care plan, accessing and coordinating supportive services and scheduling caregivers. Our caregivers assist with bathing and personal care, provide companionship, help with meal preparation and assist clients with all activities of daily living (ADL). We can also arrange for Physiotherapists and other professionals to provide

At Eldercare Home Health we work in cooperation with your client's doctor, their pharmacist and government agencies. Our staff have the knowledge, skill and commitment to provide the highest level of senior care. And of course we provide the expertise of a Registered Nurse to supervise all care.

**A service for seniors by a specialist in Gerontology**

Eldercare Home Health was founded by Lisa Wiseman. Lisa is a Registered Nurse with a Baccalaureate degree in Nursing from the University of Toronto. Lisa's focus of study was Gerontology, the study of ageing.

Lisa started Eldercare Home Health because she and her colleagues in Gerontology recognized the need for a home health care provider that would take a holistic approach to providing Elder Care and specialize in caring for the unique needs of the elderly.

Early in her career Lisa worked as a home care nurse and as a front - line nurse in some of Canada's foremost geriatric hospitals.

She has worked in management at Queen Elizabeth Hospital and The Baycrest Centre for Geriatric Care, two of Canada's leading centres for geriatric care.

Lisa has also been involved with the Regional Geriatric Program. This program coordinates the services of hospitals to better provide senior care.

**When you work with Eldercare Home Health Inc. you're working with a company with a proven track record of providing care to the elderly.**

A company that Doctors, Social Workers and Discharge Planners turn to when they need care for their own families, and a company that is responsive to the ever changing needs of the elderly.

If at any time you have a question about any aspect of our service please feel free to contact us. We're here to help.
